

# Whole of Government Asset Maintenance Contract

The NSW Whole of Government Asset Maintenance Contract encompasses the provision of maintenance services to government facilities.

The NSW Whole of Government Asset Maintenance Contract encompasses the provision of maintenance services to government facilities.

Including (but not limited to) Department of Education schools (DoE), TAFE Colleges, Police Stations, Courthouses, government office buildings and other eligible Customers.

The Whole of Government AMC requires the provision of high quality services in which the first priority is the safety of students, staff, members of the public and our own employees and subcontractors.

Since 2016 Facilities First Australia has been responsible for providing services for the Whole of Government FM Services contract in South Western Sydney.

In 2017, Facilities First successfully re-tendered for the Whole of Government Asset Maintenance Contract, doubling our footprint through additional works in the Northern Sydney Region.

In 2019, Facilities First expanded the TAFE portfolio to include an additional 12 facilities within NSW. Facilities First actively manages a significant portfolio of planned maintenance projects across the state.

Facilities First is proud to provide the following range of services to government facilities across NSW; Asset Condition Assessments, Preventative Statutory Maintenance (PSM), Routine Maintenance (RM), Reactive Maintenance, Insurance Repairs and Essential Repairs & Services, Planned Maintenance work and building equipment maintenance.
